

I am writing to oppose the expansion of LPFM stations.

1. I am currently a listener and financial supporter of K-LOVE radio, a listener supported Christian music radio station. If an LPFM station were to take priority over my local K-LOVE stations my family and I would lose a station with quality, family-friendly programming. K-LOVE's local station we listen to is on 91.9.

2. This K-Love radio station is currently the only station locally broadcasting a variety of Christian music that appeals to all members of my family ages 9-40. The sexually explicit lyrics that are in most popular songs today are not appropriate for our family and I believe lead to a degradation of the society we live in. Offering a family-friendly alternative is vital to the well being of our youngest generation of society. And my kids prefer the music they are listening to with me.

3. I believe it is in the best public interest to protect stations that would potentially be impacted by the expansion for LPFM stations. Our society needs the alternatives that these national and regional stations like K-LOVE already are providing.

Thank you for considering my comments on limiting the service of LPFM.
